County Assembly Essentials Quickstart

To peacefully restore our customary unincorporated government

a Step by Step guide for smart people!

Step 1 - Your Very First Official Meeting
(decide, pro-temp positions, minute sheet, physical address)

Step 2 - Your Second Meeting
(Logo/Seal, email address)

Step 3 - The Third Meeting
(Dedicated Phone number, Create Answering Machine Recording)

Step 4 - The Fourth Meeting
(Web Address, Website, and Web hosting)

Step 5 - The Fifth Meeting
(Business Card, and "the Presentation")

Step 6 - Your Sixth Meeting
(Decorum, Guest sign in sheet)

Step 7 - Your Seventh Meeting
(Presentation hand out, and outreach planning)

Step 8 - Your Eighth Meeting
(30 day Public Notice, outreach planning)

This guide is provided to everyone free of charge. It is free to use and free to distribute to every status corrected American, in it's original form only. The guide was made by the Monroe County Tennessee Assembly, your unincorporated government on the soil jurisdiction, as the assembly's humanitarian effort to peacefully restore our customary lawful government.

To get your free pdf file copy of this guide book and form templates, look for the "**County Assembly Essentials Quickstart**" button on our website.
To support this work and our Assembly, look for the donate button on our website at:

MonroeCountyTennesseeAssemblyGov.Land

for questions or comments email us at:

UnincorporatedMonroe@gmail.com

Remember, Government has only one function...
"to protect the people and their assets"

Before you begin...

To form a soil jurisdiction assembly on a county, it take a minimum of 2 status corrected people. We are presenting a 3 people approach. You can start with 2 and then add a 3rd, 4th, 5th, Etc.

We started doing bi weekly meetings (every Wednesday and Saturday) to get the ball rolling and help expedite growing our county assembly. We have continued this trend for over 4 months now. During this time our group effort as an assembly, we have completed the following

Deciding to assemble and your first meeting

Once you decide to Assemble (meet at a physical location in person is preferred.) We found it's easier to convey ideas and have a round table type, back and forth discussion in person vs via the internet web meetings. Especially in the early stages. Note: two years ago, before we knew how to put together our county, we were like most throughout this country concentrated on the state level assembly. At that time, we instinctively knew that we would need a place for our community to meet. So a few of us volunteered and pitched in to build a meeting hall on one of our assembly members land. We have used it for the purpose of outreach and assembly functions off and on ever since. And more recently, since deciding to concentrate on our county assembly, we are using it exclusively for our county assembly meetings. Although it's construction is not yet fully completed, (no siding, no interior wallboard, no insulation) it is still a place where people in the community can come and learn about this country's history, and get status corrected and conduct county unincorporated government functions.

Plan to set aside 1-3 hours for each of the first few meetings, especially if you really want to get things done. And plan on spending evenings working on "homework" for the assembly during the week. Good Luck!

Additionally, after you get "settled in" and have your most basic components of an Assembly you will need to do a 30 day "public notice" and an "original proclamation" inviting the public to come gather and assemble to peaceably assemble on the land and soil in order to establish our lawful jurisdiction. This will be your 30 day notice to the public informing them that your assembly will be conducting the unincorporated business functions. An example of this is on page 10

Step 1 - Your very first official Meeting
(decide, pro-temp positions, minute sheet, physical address)

At your first meeting 3 people should come together at that meeting and decide who is going to serve as:

1. **Sheriff** pro tem (acting PKTF Liason, report to PKTF) As pro tem position holder. Whoever takes the Sheriff role should immediately contact the PKTF affiliate director Louise Campbell at: pktf.affiliatedirector2024@proton.me and inform her that you are now the acting PKTF Liason and pro tem Sheriff for your County.

2. **Clerk** pro tem (clerk will be writing the "meeting minutes" Note: if you choose to conduct online web meetings, you may decide to record and properly archive those video meetings.

3. **Treasurer** pro tem will retain a locked donate container during all county meetings, and kept secure when not in use. Keep track of the monies via a log book and do a monthly audit. During monthly meetings, the treasurer will report balances.

Of course, there are more positions, but you have to start with these three. If you have more people when you start your assembly, then consult with the PKTF and the federation resources for additional offices. This guide is a basic quick guide only.

Please note that the clerk will Record all actions and create a "meeting minutes" record. We use a "meeting Minutes log sheet" to jot down discussion topics for the record. Since we mostly meet face to face at a table, this is most efficient for our assembly. After the meeting, we hole punch the sheets, and place them into a 3 ring binder for archiving. Additionally, we scan them in and post them onto our website, so the community can see the meeting minutes record.

Monroe County Assembly
Meeting Minutes Log sheet

For assembly's who meet online, via the internet, a recorded web meeting, properly archived, should be acceptable as a proper record. *But please verify this is acceptable, with the PKTF and federation.

Then, near the end of each meeting, each member volunteer's to take "homework" with them to work on during the week and complete (hopefully) before the next meeting.

Remember anything that is not completed this meeting, becomes "old business" for the next meeting.

Now schedule your next meeting!

Step 2 - Your Second Meeting
(Logo/Seal, email address)

At the second meeting you should create a county "Logo" (seal). It should depict your county in some way. Must not be bound in a circle. Name your county as unincorporated and Soil Jurisdiction. Finish logo or work to finish logo. Create an email adress for the assembly.

During this meeting we came up with a draft of our county seal using the geographic shape of our county, We then sent this draft home with one of our assembly members to work on as homework. During the week and because our community is mostly agricultural/farms we chose a pasture theme. After we decided on a specific design and layout, we had the black and white seal colorized for use in color presentations. That way we had black and white for official paper documents, and a color seal for use on signs, handouts, cards, etc.

Next, set up a generic temporary county email address. (this is to help get other online accounts established until a more permanent hosting with email can be set up) of course, as the assembly grows, a proper email system can be established at that time. Our Temporary email is: UnincorporatedMonroe@gmail.com

We recommend using the following format with your email accounts. If you have a tech savvy IT guy/girl on your assembly, it's possible to skip the temporary email and dive right into the future with more permanent emails. (Note: We used a temporary email to help expedite everything.. that way we had an email on our business card that we could start handing out right away.)

MonroeCountyAssembly@
MonroeCountyAssemblyClerk@
MonroeCountyAssemblySheriff@
MonroeCountyAssemblyTreasurer@

This formatting will also allow us to expand and grow without missing emails. As people change, the email addresses remain the same. There will be no missed emails and new officials can review past correspondence to be fully "up to speed".

Step 3 - The Third Meeting
(Dedicated Phone number, Create Answering Machine Recording)

At this meeting you will set up a telephone number voice mail service. We used CopyCall at www.CopyCall.com it's about $10 a month for this service. Google has a "free" voicemail, but it's limited, so don't be tempted to sign up for a free phone number. Because the phone number will be used as your county main contact phone number and informational message system. You want to keep it professional.

The idea here is to get a voice mail announcement set up that can provide callers with up to date information about the assembly, scheduled meetings, events, etc. Call our assembly phone at: **423-328-1776** so you can get an idea of an example script announcement we are actively using.

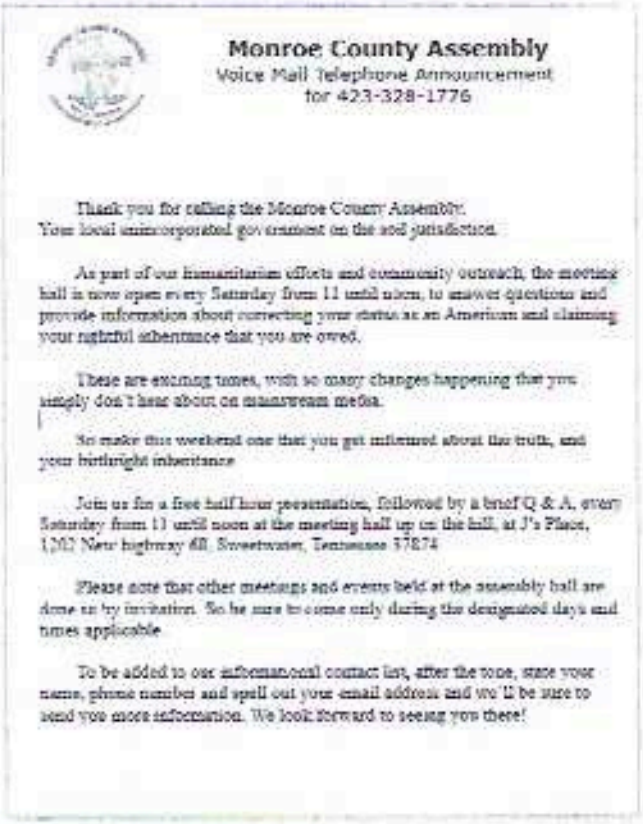

Note: once the assembly grows and we need a multi line phone system, it will be easy to use this number as a "recorded information line" or forward this number to the future main line we establish that will provide a recorded menu so callers can reach different officials. But for now, we have a working number to use for outreach!

Write a script / outgoing announcement for your voice mail

Record the announcement onto the voice mail system.

Remember anything that is not completed during this meeting, becomes "old business" for the next meeting.

Now schedule your next meeting!

Monroe County Assembly
Voice Mail Telephone Announcement
for 423-328-1776

Thank you for calling the Monroe County Assembly.
Your local unincorporated government on the sod jurisdiction.

As part of our humanitarian efforts and community outreach, the meeting hall is now open every Saturday from 11 until noon, to answer questions and provide information about correcting your status as an American and claiming your rightful inheritance that you are owed.

These are exciting times, with so many changes happening that you simply don't hear about on mainstream media.

So make this weekend one that you get informed about the truth, and your birthright inheritance

Join us for a free half hour presentation, followed by a brief Q & A, every Saturday from 11 until noon at the meeting hall up on the hill, at J's Place, 1202 New highway 68, Sweetwater, Tennessee 37874

Please note that other meetings and events held at the assembly hall are done so by invitation. So be sure to come only during the designated days and times applicable

To be added to our information contact list, after the tone, state your name, phone number and spell out your email address and we'll be sure to send you more information. We look forward to seeing you there!

Step 4 - The Fourth Meeting
(Web Address, Website, and Web hosting)

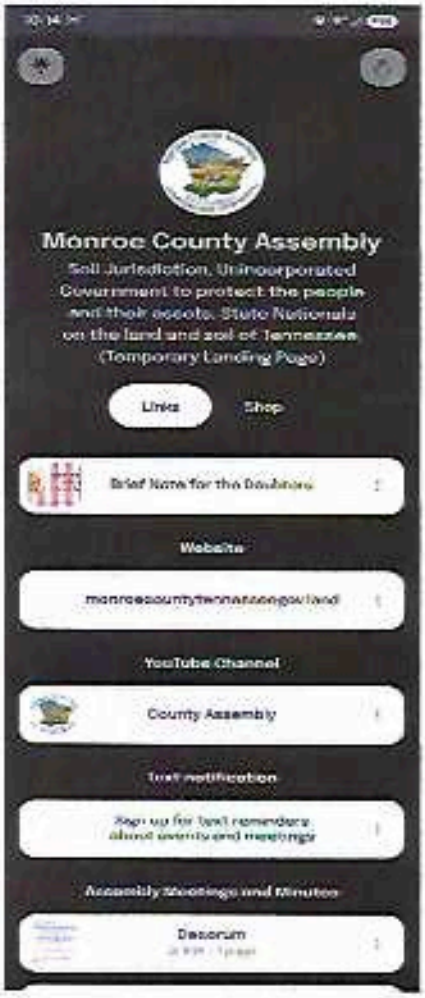

At this step, we will cover the 3 components to a website.

1. Web Address
2. Web site pages
3. Web hosting service

At this meeting you will create a website address following this format "Your county gov.land if you have county that is in other states, you can add your state afterwards as we did for our website Address formating

www.monroe county tennessee gov . land

We wanted to get our "website" up and running quickly, so what we did was set up a linktree page with all the information, documents and links we needed.

Then, once we purchased (the actual) web address, (www.monroecountytennesseegov.land) we then purchased web hosting to "host" our future website.

We then logged into our host provider's special admin page and forwarded any traffic for our address to the linktree page.

So when someone types our address, the host provider re-directs or forwards the traffic to the linktree page and poof you see the linktree page!

We did this to get our "site" up and running quickly while we build our actual website.

So once our actual website is built we will host it on our hosting service provider and turn off the forwarding to the linktree site. We do plan to keep the linktree page as a secondary site and backup.

We highly recommend that you find an IT guru to help with this part. Preferably, someone who is an ASN*

Step 5 - The Fifth Meeting
(Business Card, and "the Presentation")

Once you have a layout idea for your assembly's business card, you will create it using all the elements you have created thus far (Logo/Seal, Address, email address, phone number, website address) See example below. We also added information on the back!

Then, as an assembly, pool some money together and pitch in to order between 200 to 500 for your first batch of business cards. Once the cards are in, give a stack of 20-30 to each assembly member to hand out. And as new member's get status corrected and join the assembly, give them some cards to hand out as well. And in the future, the card can be modified and printed with individual names, emails and extension's can be added.

A business card is another great outreach tool. It enhances the Assembly's credibility and professionalism within the community and to everyone who see's it.

And now, the assembly has a complete and polished business card!

After that, visit **claimyourinheritance.info**, spend about a half hour watching the presentation, getting familiar with all the wealth of information packed into this half hour video slide.

Our assembly decided that this was the perfect outreach presentation to show the public. We play this video every Saturday on our big screen TV for everyone who shows up to learn about the assembly, our true History and our customary Unincorporated American Government.

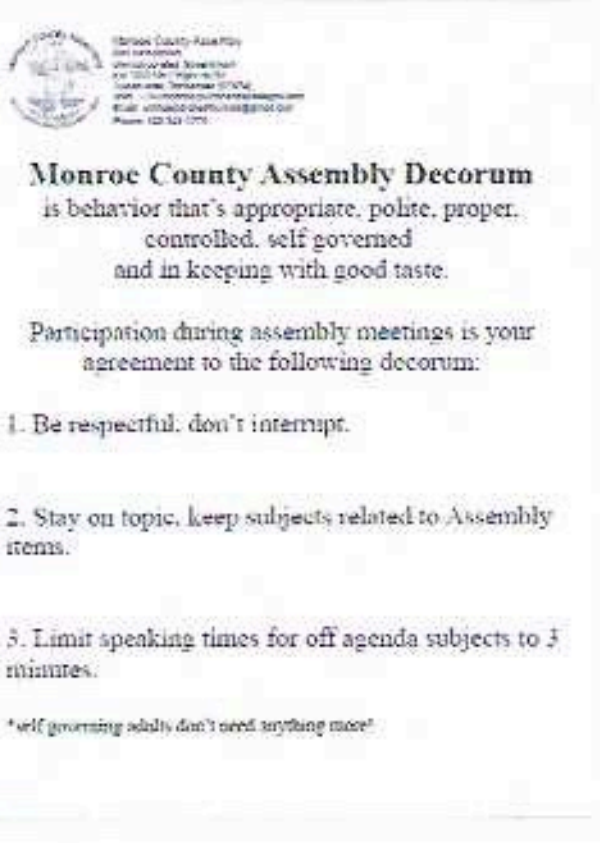

On to the next step. Now schedule your next meeting!

Step 6 - Your Sixth Meeting
(Decorum, Guest sign in sheet)

During this meeting you will develop a meeting "decorum" to hand out to all new members and visitors to the assembly.

A Decorum is not a rule book to exclude participation. Remember, the Assembly is not a club. Everyone is welcome.

Our Decorum is short and sweet and to the point, and yours should be also!

Monroe County Assembly Decorum
is behavior that's appropriate, polite, proper, controlled, self governed and in keeping with good taste.

Participation during assembly meetings is your agreement to the following decorum:

1. Be respectful, don't interrupt.

2. Stay on topic, keep subjects related to Assembly items.

3. Limit speaking times for off agenda subjects to 3 minutes.

*self governing adults don't need anything more!

Monroe County Assembly
guest/attendee Sign-in

Date ____

Name	Phone/Text	Email	MM Y/N	US Citizen Y/N	Military Veteran Y/N

You will also design a "guest sign in sheet". We use this to keep a record of who visited our assembly. On it we ask for their name, phone/text, email, their political status and military status.

We use this information to send important email's with Anna's notices and links as well as our community information to them.

Remember, not everyone is ready to act now. But at least we are here to help guide them in the right direction as far as education and the correct process, when they are ready.

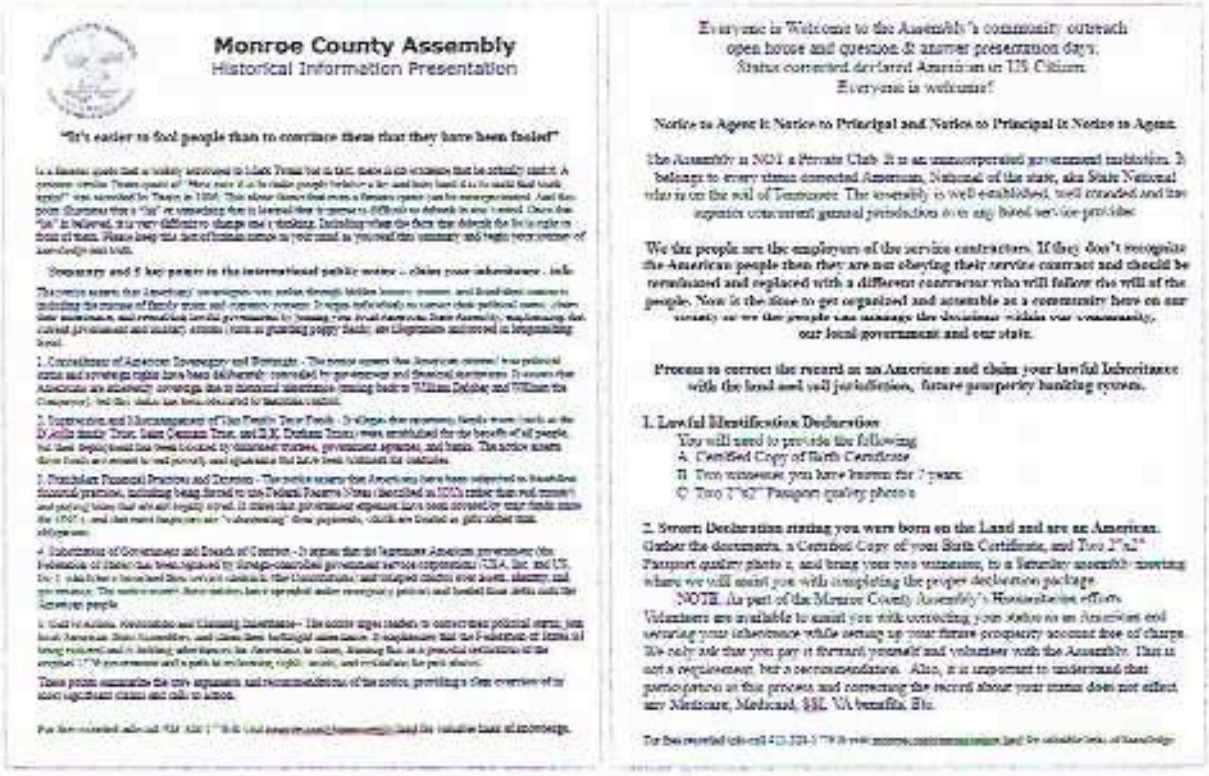

Having guests contact info will help the assembly stay in touch and provide important updates.

Step 7 - Your Seventh Meeting
(Presentation hand out, and outreach planning)

In this meeting you will create an Informational handout specific to the presentation that you will play to guests during your outreach presentation. Of course you may develop your own presentation and hand outs depending upon what you are wanting to convey to your community.

We reviewed many ideas on presentation, conducted our own testimony's along with information but found that the **www.claimyourinheritance.info**, video relays allot of information in a short time period. So we play the video, via Bluetooth screen share on our 72" Samsung display that is mounted on the wall in our assembly hall. (also donated by one of our assembly members)

The handout is given to each guest (us citizen) to take home with them. It provides a brief summery of the presentation as well as provides important reference information that is needed to correct their status. And rather than sending them off with a bunch of paperwork that needs to be filled out, we ask that they return along with their two witnesses (who will then be a guest and watch the presentation) hopefully, creating a snowball effect. So the assembly can assist them with correcting the record and proper recording.

Monroe County Assembly
Historical Information Presentation

"It's easier to fool people than to convince them that they have been fooled"

Everyone is Welcome to the Assembly's community outreach
open house and question & answer presentation days.
Status corrected declared American or US Citizen.
Everyone is welcome!

Notice to Agent is Notice to Principal and Notice to Principal is Notice to Agent.

The Assembly is NOT a Private Club. It is an unincorporated governmental institution. It belongs to every citizen corrected American, National of the state, aka State National who is on the soil of Tennessee. The assembly is well-established, well rounded and has supreme concurrent general jurisdiction in any listed service provided.

We the people are the employers of the service contractors. If they don't recognize the American people then they are not obeying their service contract and should be reevaluated and replaced with a different contractor who will follow the will of the people. Now is the time to get organized and assemble as a community here on our sovereign soil we the people can manage the decisions within our community, our local government and our state.

Process to correct the record as an American and claim your lawful Inheritance with the land used, full jurisdiction, future prosperity banking system.

1. Lawful Identification Declaration
   You will need to provide the following
   A. Certified Copy of Birth Certificate
   B. Two witnesses you have known for 2 years
   C. Two 2"x2" Passport quality photo's

2. Sworn Declaration stating you were born on the Land and are an American.
Gather the documents, a Certified Copy of your Birth Certificate, and Two 2"x2" Passport quality photo s, and bring your two witnesses, to a Saturday assembly meeting where we will assist you with completing the proper declaration package.
NOTE. As part of the Monroe County Assembly's Humanitarian efforts. Volunteers are available to assist you with correcting your status as an American and securing your inheritance while setting up your future prosperity account free of charge. We only ask that you pay it forward yourself and volunteer with the Assembly. This is not a requirement, but a recommendation. Also, it is important to understand that participation in this process and correcting the record about your status does not effect any Medicare, Medicaid, SSI, VA benefits, Etc.

Plan an outreach event and meeting that meets regularly. We meet every week, 10 to 11 on Saturday for general assembly business and 11 to 12 for our outreach presentation. Additionally, we meet on Wednesdays at 9am for General Assembly business. Now set and confirm your next meeting!

Step 8 - Your eighth Meeting
(30 day Public Notice, outreach planning)

In this meeting you will create an official public notice for your unincorporated county to "publish". The notice is your assembly's way of informing the public you are operating in the soil jurisdiction of the county.

*The exact publishing requirements need to be verified with the PKTR and the federation (so please check with them before proceeding)

Here is an example of the notice we plan to publish. (at the time of making this guide)

The notice should coincide with an outreach event so members of the community can come and learn about the unincorporated assembly and how they can correct their status as American's and participate with the Assembly.

Public Notice

Notice to principles is notice to agents, notice to agents is notice to principles

Monroe County Assembly

To all peoples, persons, men, and women,

Original Proclamation: 28th April 2025

We, The Monroe County Assembly (unincorporated), would like to extend a warm invitation to you to gather with us in assembly, on the 7th of October in the year 2025, 12:00 PM at the following location:

c/o: 1992 New Highway 68, Sweetwater, Tennessee [37874] at the meeting hall on the hill

We will peaceably Assemble on the said land and soil, in order to establish our lawful jurisdiction, and we invite you to join us. With the authority of the Lawful Government of The United States of America (unincorporated), and with the full support of Superior Court Justice, (new Bar member) Anna Maria Hessinger, being the unshakable Fiduciary.

Let it be known:
The Monroe County Assembly is not incorporated or registered in any way
is a Lawful Unincorporated Government, for the people, of the people and by the people
is not subservient to, or influenced by, any service corporations self-defining as Government Authority
Maxim of Law: "It is fraud to conceal a fraud and it is fraud to sue and uphold fraud."

Therefore, if you are a person- i.e. a "resident", a "voter", a "citizen", etc - you have a conscious decision to make, for, it is the people who are the government and not "corporations acting as persons". Come and restore "your" government as we officially re-assemble. If you have established your status as a living American State National, then your active participation is welcomed. Become involved in your Monroe County Assembly. Come join us. Everyone is welcome to attend.

The agenda for the meeting will be the announcement opening of nominations for Monroe County Assembly offices. The specifics of which will be discussed in the meeting.

In Peace and Harmony,
Randy Dyer
Monroe County Coordinator

Congratulations! and good luck with building your Unincorporated County Assembly!

This guide is provided to everyone free of charge. It is free to use and free to distribute to every status corrected American, in it's original form only. The guide was made by the Monroe County Tennessee Assembly, your unincorporated government on the soil jurisdiction, as the assembly's humanitarian effort to peacefully restore our customary lawful government.

Historical Information Presentation

"It's easier to fool people than to convince them that they have been fooled"

Is a famous quote that is widely attributed to Mark Twain but in fact, there is no evidence that he actually said it. A genuine similar Twain quote of "How easy it is to make people believe a lie, and how hard it is to undo that work again!" was recorded by Twain in 1906. This alone shows that even a famous quote can be misrepresented. And this point illustrates that a "lie" or something that is learned that is untrue is difficult to debunk in one's mind. Once that "lie" is believed, it is very difficult to change one's thinking. Including when the facts that debunk the lie is right in front of them. Please keep this fact of human nature in your mind as you read this summary and begin your journey of knowledge and truth.

Summary and 5 key points to the international public notice – claim your inheritance . info

The notice asserts that Americans' sovereignty was stolen through hidden history, treaties, and fraudulent contracts, including the misuse of family trusts and currency systems. It urges individuals to correct their political status, claim their inheritance, and reestablish lawful government by joining your local American State Assembly, emphasizing that current government and military actions (such as guarding poppy fields) are illegitimate and rooted in longstanding fraud.

1. Concealment of American Sovereignty and Birthright - The notice asserts that American citizens' true political status and sovereign rights have been deliberately concealed by government and financial institutions. It asserts that Americans are inherently sovereign due to historical inheritance (tracing back to William Belcher and William the Conqueror), but this status has been obscured to maintain control.

2. Suppression and Mismanagement of Vast Family Trust Funds - It alleges that enormous family trusts (such as the D'Avila family Trust, Saint Germain Trust, and B.K. Durham Trusts) were established for the benefit of all people, but their deployment has been blocked by dishonest trustees, government agencies, and banks. The notice asserts these funds are meant to end poverty and ignorance but have been withheld for centuries.

3. Fraudulent Financial Practices and Taxation - The notice asserts that Americans have been subjected to fraudulent financial practices, including being forced to use Federal Reserve Notes (described as IOUs rather than real money) and paying taxes that are not legally owed. It states that government expenses have been covered by trust funds since the 1940's, and that most taxpayers are "volunteering" their payments, which are treated as gifts rather than obligations.

4. Substitution of Government and Breach of Contract - It argues that the legitimate American government (the Federation of States) has been replaced by foreign-controlled government service corporations (USA, Inc. and US, Inc.), which have breached their service contracts (the Constitutions) and usurped control over assets, identity, and governance. The notice asserts these entities have operated under emergency powers and loaded their debts onto the American people.

5. Call to Action: Restoration and Claiming Inheritance - The notice urges readers to correct their political status, join local American State Assemblies, and claim their birthright inheritance. It emphasizes that the Federation of States is being restored and is holding inheritances for Americans to claim, framing this as a peaceful restoration of the original 1776 government and a path to reclaiming rights, assets, and restitution for past abuses.

These points summarize the core arguments and recommendations of the notice, providing a clear overview of its most significant claims and calls to action.

For free recorded info call 423-328-1776 & visit monroecountytennesseegov.land for valuable links of knowledge.

Everyone is Welcome to the Assembly's community outreach
open house and question & answer presentation days.
